How to install All West.tv

Amazon Fire TV

All West.tv works with Amazon Fire TV 2nd Generation and newer, including Fire TV Stick and Cube.

To get started you'll need:
- an internet connection
- an Amazon account (Don't have one? Sign up here.)
- a TV or other display with an HDMI port
- an HDMI cable (on 4K capable devices you need an HDMI 2.0 or later)

Start with these steps or watch this video.
1. Plug the power adapter into an electrical outlet, and the Fire TV device into your TV's HDMI port.
2. Use the USB cable to connect the power adapter and Fire TV device.
3. Install the batteries in the remote. If the remote doesn't automatically pair with your Fire TV, press and hold the Home button for 10 seconds.
4. Use the Source button on your TV remote to locate the HDMI signal for your Fire TV device.
5. Follow the prompts on the Fire TV startup screen to finish set-up.

To install All West.tv, select the Search icon (left of Home at top of screen) and search for All West.tv. Highlight and select Download. Once inished, select Open to launch All West.tv.
