

FOR IMMEDIATE RELEASE

All West Communications Fiber Network Coming to South Ogden *Fiber Optic Expansion Welcomed by Mayor Porter*

KAMAS, UTAH | May 30, 2023 – All West Communications is thrilled to announce plans to expand its multi-gig fiber optic broadband, streaming TV service and digital phone solutions to the residents of South Ogden, Utah. This expansion will provide services to homes and businesses in the city. Construction will begin with a public groundbreaking event on Tuesday, June 6th at 11am at South Ogden City Hall (3950 Adams Ave).

All West Communications has been welcomed by city leaders to bring Fiber-to-the-Home (FTTH) access to South Ogden. “The goal is for our services to help improve both everyday lives and community economic development with access to our advanced fiber optic technology,” stated Matt Weller, President of All West Communications.

South Ogden Mayor, Russell Porter, expressed his excitement, “All West’s commitment to build a network capable of serving every home in South Ogden is wonderful news. The company is funding the project themselves and does not require the city to post any bond or financial guarantee to finance the project.”

All West’s fiber internet offerings will include symmetrical speed tiers up to 8 Gig for residential and 10 Gig for businesses. They will also be offering other excellent services including managed Wi-Fi, which gives customers complete control of their home network; All West.tv, a digital TV streaming service with over 115+ channels to choose from; and VoIP phone solutions, with both local and long-distance options. All West also participates in the Affordable Connectivity Program (ACP), an FCC program that reduces the monthly cost of internet service for qualified households. To learn more about ACP, please visit www.affordableconnectivity.gov.

Construction is set to begin in June 2023 with expected completion in 2024. For more information on All West Communications’ fiber expansion and timeline, visit their website at <https://info.allwest.com/south-ogden> or call 833.740.5032.

About All West Communications

Since 1912, All West Communications has provided leading-edge telecommunication services. Based in Kamas, Utah, they operate a broadband-powered network to deliver services that connect people and businesses to what matters most—across town and around the world. Their wired infrastructure and ongoing fiber investments that span from northeastern Utah to southwestern Wyoming provide customers with unparalleled broadband speeds, entertainment options, connectivity, and service.
